ELIGIBLE!**

ENROLL TODAY

SAVE ENERGY & MONEY TOMORROW

II LEVEL

VENTURA-LEVEL II

BEGINS OCTOBER 17, 2019

Building Operator Certification (BOC®) helps building engineers, maintenance supervisors and others in the skilled trades advance their skills and careers in energy efficient operation of commercial buildings.

Since 1996 BOC has equipped building operators with the know-how to reduce building-related energy consumption and occupant comfort complaints.

Enroll now to gain essential skills through hands-on training and a professional credential in energy efficient building maintenance. BOC training includes documentation of building equipment, systems and controls; benchmarking the building's performance; updating occupancy profiles; reviewing HVAC systems and operation; and mapping the facility's electrical distribution system.

BOC Level I is designed for operators with two or more years of experience in building operation and maintenance who wish to broaden their knowledge of the total building system. Completion of Level I requires a time commitment of 74 hours which includes seven classes, work-site projects, and open-book tests.

BOC Level II is designed for experienced facility staff who have earned their BOC Certification or a Level I Training Certificate of Completion (TCOC) and want more advanced training. Completion of Level II requires a time commitment of 61 hours which includes six classes, work-site projects, and open-book tests.

Substitution, Transfer and Cancellation Policy. If you are unable to attend the course for which you have registered, you may substitute another person in your place, or transfer your registration to another date and location without penalty. Visit our BOC Program Website to view a schedule of other dates and locations. No refunds will be provided for registrations canceled within 3 business days of the first course date. A \$150 service charge will be assessed for registrations canceled less than 15 days prior to the first course date. The examination fee is nontransferable but is refundable (minus a \$50 processing fee) if the candidate notifies NEEC of the test cancellation and refund request in writing no later than 14 days prior to the last class date.

Registration fees shown are valid for this course only.
